Discover Alfa Laval UltraPure pumps

Alfa Laval UltraPure pumps deliver safety, efficiency, reliability and peace of mind.

Authorized Distributor

Alfa Laval UltraPure. Made for pharma.

Alfa Laval UltraPure pumps make it easier for your business to deliver the high-quality product that your customers have come to expect.

We place the utmost focus on hygiene and repeatability to ensure consumer safety and use pump designs that have been proven in many industries—including pharma and biotech.

We offer more than high-quality pumps designed for pharma, we are also committed to efficiency and sustainability. UltraPure pumps offer more energy efficiency and increased uptime for your most demanding applications. Our expert support staff are available on a global or local level if you need advice, preventative maintenance or business-critical service. Contact us today to discover how Alfa Laval UltraPure can give your business a clear advantage.

Alfa Laval Q-doc
Alfa Laval UltraPure pumps are supplied with the Q-doc documentation package based on GDP (Good Documentation Practice). The package includes conformity declaration, material traceability certificates, relevant test certificates and information about necessary Alfa Laval spare parts kits for standard components. This supports a smooth qualification, validation and change control process, and safeguards long-term peace of mind.

Q-doc packages are always available for download at www.alfalaval.com/qdoc

Discover the advantages of Alfa Laval UltraPure

1 **Safety**
Alfa Laval UltraPure pumps feature a high level of attention to hygiene and repeatability to reduce the risk of contamination.

2 **Reliability**
Time-tested and proven designs guarantee the repeatability and quality of your product.

3 **Efficiency**
Alfa Laval UltraPure pumps are cost-effective pumps that deliver maximum energy efficiency, a reduced CO_2 footprint, higher yields and increased uptime.

4 **Global coverage with local presence**
Our wide range of Alfa Laval UltraPure pumps can meet any of your process challenges. No matter where you are, our service and support experts are always close by and ready to help.

Find the right Alfa Laval UltraPure pump for your needs

Alfa Laval LKH UltraPure
Alfa Laval LKH UltraPure delivers maximum uptime, optimal efficiency and process safety for the most demanding pharmaceutical applications. Designed to meet industry specifications, it is a proven solution with low cost of ownership.

- Multiple sizes with wide operating range
- High efficiency and low NPSHr
- Enhanced grade silicon carbide seal
- Optional low delta ferrite Impeller
